

# “VICON has helped me grow my business...

## reach my set goals and control our destiny.”

*“We had a vision of growth. Since installation of our VICON high density plasma 10’ x 20’ cutting table, we have increased our business 70-percent. The value Plasma Automation has provided us in technology, service and support has been tremendous.”*

Plasma Automation offers a range of plasma cutting systems and software that are as cost-effective and flexible as they are high performing. To realize how much more can be brought to your table, call **800-563-8510**.
